DON CAMPBELL TO RACE THE SPEED MERCHANT CHEVY CAMARO IN NASA'S CMC SERIES

Campbell, CA (January 17, 2002) – Multiple autocross champion driver Don Campbell landed a ride in NASA's road racing series. Campbell will campaign the Speed Merchant Chevy Camaro throughout California.

The Camaro-Mustang Challenge series competes at California Speedway, Buttonwillow Raceway, Thunderhill Park, Infineon Raceway, Willow Springs Raceway and Laguna Seca. The series is an American Muscle duel between the Chevy Camaro and the Ford Mustang.

"I am very excited to be competing in the Camaro-Mustang Challenge," said driver Don Campbell. "This Speed Merchant Chevy Camaro should be very competitive. The winner of the race is determined by driver skill and not by a team's budget. The series is an American Muscle duel between the Chevy Camaro and the Ford Mustang. The Camaro-Mustang Challenge (CMC) has a strict set of rules so that all of the cars are prepared virtually the same."

Don Campbell will race the Speed Merchant Chevy Camaro.

The Camaro-Mustang Challenge has held true to the goals of creating an equal playing field. "We are very happy to have a very talented driver of Don Campbell's caliber join our series," said CMC Chief director Tony Guaglione.

"Racing an American muscle car in a Chevy vs. Ford battle will be a tremendous opportunity to prove which is the better manufacturer," said Campbell.

Look for Don Campbell (Campbell, CA) at the road racetracks throughout the state as he competes for the season championship for his team as well as Chevy.
