DON CAMPBELL WINS THE WESTERN U.S. VIPER CHAMPIONSHIP

Campbell, CA (June 30, 2001) – Recently, a field of 56 Dodge Viper drivers converged upon the beautiful city of Monterey, California. The Viper Club of America was hosting a driving competition, the Western U.S. Viper Championship. VCA member Don Campbell had an amazing day behind the wheel of a brand new red Dodge Viper GTS. Campbell finished in first place, out of a class of 56 drivers, and qualified for the National Viper Championship in Detroit, Michigan.

Every driver competed in the same two equally prepared Dodge Viper's. Normally, one goes to Monterey for the 17-mile drive along Pebble Beach, the aquarium or shopping on Cannery Row. However, on this day, it was all about racing with friends and other Viper owners. The Northern California Viper Club of America organized the competition. VCA President Maurice Lang and V.P. Fred Kinder planned a very exciting and friendly day. "I can't believe I won," said winning driver Don Campbell. "You couldn't have planned a better day. The weather was perfect and the competition was so close. This Dodge Viper was a thrill to race. I can't believe the top five finishers were separated by only a few tenths of a second. Thanks to the VCA for putting on this great event."

Don Campbell's Dodge Viper among all of the other drivers.

The Viper Club of America came up with idea of having regional driving competitions throughout the U.S. The top two finishing drivers from each of the five regions across the U.S. would qualify to go to Detroit, Michigan. Don Campbell (Campbell, CA) and second place driver Dave Dunlap (Livermore, CA) will be heading to Detroit in September. The two drivers will go up against the other top eight finishers for the U.S. National Viper Championship. Team VCA will be competing against Team PVO to see who is really the fastest driver in the country.
